

**Question 1. Reference: Exhibit I-Is each CWO a negotiated “Bottom Line” Fixed Price for the deliverable or a NTE (with rates negotiated, hours and ODC are actuals up to the NTE)?**

*Each CWO is a negotiated “bottom line” fixed price.*

**Question 2. Is the Optical Analysis example under Technical Approach 7.1.2. referring to mechanical alignment analysis as specified in the SOW 1.1.2 or is it Optical Analysis associated with Optics Design (i.e. Code 5 analysis, ray tracing, etc.)?**

*The requirement is for a capability to perform mechanical alignment analysis only. The contractor should be able to analyze tolerance stack up and other mechanical misalignment to meet the error budget provided by JPL.*

**Question 3. How do you want the price proposal referenced in the oral presentation 2.2.1 as it is not specifically called out in the Volume I-Technical Management Instructions pp. 5 & 6 of the RFP Instructions?**

*Please refer to paragraph 2.2.7. It is not a requirement to discuss price during your oral presentation.*
