

SBPO eNewsletter

April 15, 2020 - Vol. 29

The Small Business Programs Office (SBPO) works to promote and integrate small businesses into the competitive base of subcontractors that support space exploration, scientific discovery, and aeronautics research at JPL. The SBPO is committed to being a trusted NASA Small Business Advocate.

Upcoming JPL Outreach

Small Business Opportunity Fair (Follow-up)

Given the indefinite postponement of the Small Business Opportunity Fair in Pasadena, CA, previously scheduled for March 24, 2020, the JPL Small Business Programs Office and the City of Pasadena Department of Finance are working through the list of all companies

and organizations who registered for the Small Business Opportunity Fair. The Small Business Programs Office will reach out to each entity via phone or webinar to foster conversations and relationships that hopefully will lead to bidding opportunities at either JPL, the City of Pasadena, or one of the other organizations scheduled to attend.

JPL and the City of Pasadena remain committed to the small business community. We will continue to work collaboratively with our large prime contractors and other organizations to foster robust small business participation in the global supply chain.

Dr. Charles E. Bray, Jr.
Manager
